Hazleton Fire Department Junior Firefighter Program Guidelines

The Junior Firefighter Program was instituted by the City of Hazleton Volunteer Fire Department (HFD) as a training program for young men and women, aged 16-18, interested in serving their community and preparing to become active firefighters upon reaching the age of 18. At age 18, the Junior Firefighter is eligible to become a full member of the Hazleton Fire Department.

As a Junior Firefighter, members serve in a support role for the senior firefighters at actual emergencies as a supplement to a formal training program. The Junior Firefighters attend monthly training drills with the full Department. An HFD fire officer serves as the Junior Firefighter training officer, and he is the primary contact person for the Junior Firefighter. Those selected are expected to act in a mature manner and commit to a demanding, long-term program.

In both training sessions and actual emergency situations, the safety of Junior Firefighters is of paramount concern to the Department. As such, the activities of the Junior Firefighters are limited in scope and the fire officers closely supervise them. The Junior Firefighters quickly become an integral part of the firefighting team during emergencies, serving in such important capacities as establishing a water supply, supplying equipment for interior firefighters, changing air packs, massing exterior hose lines and assisting with interior overhaul once a fire has been extinguished. It should be understood, however, despite the training and supervision provided, firefighting is a dangerous activity and serious injury is a possibility. The fire officers will make every effort to minimize the Junior Firefighters' exposure to danger. It is also the responsibility of the Junior Firefighter to avoid known hazardous situations.

Due to the inherent dangers of firefighting, strict rules of conduct and tight procedural standards have been established. In an actual emergency, it is essential that all firefighters, including Junior Firefighters, act in a calm, efficient and professional manner. The Junior Firefighters are expected to attend training drills to be prepared for the many challenges presented in an emergency situation. Each member is expected to read and understand these requirements and to adhere to the standards; The HFD fire and administrative officers are available to discuss any questions.

Junior Firefighters are under the command of HFD fire officers from the time of their arrival at the station until released from duty by an HFD fire officer. If no officer is aboard the apparatus, the Junior Firefighter will be under the command of the driver until reassigned to an HFD fire officer. Firefighters are not to leave an emergency scene without the knowledge and consent of a HFD fire officer (each firefighter is to speak with a fire officer directly, not via a third party).

This must be with the consent of the Fire Chief. Junior Firefighters may operate exterior hose lines under the direction of a fire officer or his/her designee. Junior Firefighters must remain clear of a motor vehicle fire or other type fire presenting exposure to flammable liquids or hazardous materials. Junior Firefighters are to remain with the apparatus or in close proximity to the incident commander and wait for specific orders from a HFD fire officer. If the Junior Firefighter receives orders from an officer (or request from a firefighter) of another fire department, it is incumbent upon the Junior Firefighter to advise that officer or firefighter of his/her status as a Junior Firefighter and the limitations placed upon him/her. If ordered to enter a structure by a HFD fire officer for any type of emergency action, the Junior Firefighter must be accompanied at all times by a HFD fire officer or his/her designee.
